Dear Esteemed Distributors/ Stockist,

Good Morning !!

Sub: Discontinuing the procedure of Backdating bills after last date of the preceding month.

As we are moving into a more systematic and standardized operating system to make DMI more effective in distributing bonus, we are in the process of streamlining the current procedures. In coherence to this, we are now discontinuing the practice of backdating after the last date of the preceding month.

Since backdating bills done after the last day of the preceding month causes status failure / dropage in the upline and also causes unpredictable changes in the pv system which we are not able to justify to the affected upline, we are not in a position to continue this procedure. Also we are facing delay in the process of bonus due to this process.

As a Distributor, we expect every one to complete the said pv before last date of every month. A complete study and understanding of your downlines and your structure of distribution will make this more easy process. Also we have come up with PV report system and CSS system which will help you to yield your desired bonus.

We would also like to advise all the members to complete the PVs well in advance, say before 20th of each month so that we can be safe and assured of the status, than to take risk at the last day. Also we would like all the Star Agents and above to maintain 3000 PPV which will ascertain a complete eligibility criteria.

We expect cooperation from all our Distributors for smooth incorporation of the above procedure.

Assuring you of our best services,

For DXN Marketing India Private Limited

K.M.RABIQUE
DIRECTOR.
