Dear Distributors,

Good Morning

As per the recent Directive from our CEO, we wish to remind our Distributors, that they are strictly prohibited from promoting, distributing or selling, either directly or indirectly, any DXN products specifically manufactured or distributed for a particular country to any other country.

Distributors would be liable and responsible for such activity which shall lead to disciplinary action including but not limited to suspension or termination of their distributorship.

Distributors shall be reminded on the following clauses as per our DXN Distributorship Rules and Regulations:-

A Distributor's Distributorship shall be terminated if he (or any one of the spouse/ partner / party / member of the company including proxy) is directly or indirectly involved in any of the disciplinary cases such as :

- *Selling or distributing one country's products in another country in which DXN's market has been established;*
- *Delivering, distributing or selling DXN's products of one country to another country (which DXN's market has been established) without written approval from DXN.*

A Distributor is strictly prohibited to distribute or sell any products specifically manufactured for a particular country in any other country unless written approval from DXN.

The above is for strict compliance by all DXN Distributors.

Thank you,
